## North Ely Youth Centre Improvements

We are pleased to inform you that work will start on the environmental improvements to the area in front of the North Ely Youth Centre the week commencing 19th January 2015. The work will take approximately 5 weeks to complete.

We consulted you on draft proposals last summer. The consultation revealed widespread public support for the project. Works will include:

- A new parking bay to include a disabled parking space.
- A new paved area in front of the Centre for pedestrians.
- New cycle stands.
- Removal of the grassed area.
- A new gate to the side of the building.

Pethybridge Road will have traffic controls operating during the works, and disruption will be kept to a minimum. Please accept our apologies for any disruption caused.

If you would like to find out more about the project please contact :
